January 27, 2026

Dear Sponsor,

Happy New Year! As we look forward to the school year at TCS, we are extremely grateful for you. Without your prayers and monetary support, the ministry in Trujillo, Honduras would not happen. Thank you!

The teachers and staff at TCS are hard at work registering students and preparing for study. Classes will begin Monday, February 2. We have approximately 160 students from Kindergarten through Sixth Grade. Please take a moment to pray for the success of this school year, our incredible staff, and precious students.

You may be aware, but Honduras has experienced even higher inflation than we have here in the U.S. As a result, the costs to operate the school have crept up. The stateside board overseeing school operations projects a 2026 budget of $150,000. TCS collected a little over $138,000 in 2025. There are several ways you can help us meet our budget:

1) Tell friends, family, and coworkers about the opportunity to participate in this ministry. Refer others to our website (trujillocs.org) to watch a terrific video detailing what the school is all about.
2) Ask your church leaders if TCS can become a part of your churchwide mission's budget. Our committee leaders would love to share information with your church either through phone calls or an in-person visit.
3) See if your employer offers a company match for donations you contribute to non-profit entities. Our Tax ID Number is 204097642.
4) Consider TCS for Required Minimum Distributions (RMD).
5) Pre-plan to contribute to our annual Father's Day Appeal in the month of June in memory or honor of your loved one.
6) Donate a little extra whenever possible. Every dollar makes a difference!

Once again, thank you for sharing in this great work with us. If you have any questions, please contact Libby Gray at 770-713-5197. Have a blessed 2026!
